

Choke Canyon State Park – North Shore Unit

E-Post Card – Feral Hog Hunts

OVERVIEW

Choke Canyon State Park is located in Live Oak County of South Texas. The terrain is gently rolling and vegetated with extremely dense thorny brush dominated by mesquite, black brush, and cacti. Choke Canyon Reservoir lies on the Frio River approximately 3.5 miles west of the town of Three Rivers along Highway 72 to Tilden. Constructed as a water supply for the City of Corpus Christi by the U.S. Bureau of Reclamation, the reservoir consists of 26,000 surface acres represented by the conservation pool at elevation 220.5 feet above sea level. Public hunts are conducted on the 1,700-acre undeveloped North Shore Park Site. Objectives of the Department are to maintain healthy populations of native fauna and flora in natural habitats and to provide for compatible use. Where game populations exceed the carrying capacity of the habitat, the preferred method of reduction is public hunting.

HUNT INFORMATION

This area is accessible only by boat, then significant hiking by foot. Daily Boat Launching Fees Apply. Hunters should take this into consideration before applying for this hunt. Only specific areas identified during orientation will be open to hunting. No hunting on or near the dam, spillway or outlet works. Developed park areas are also closed to hunting. The hunter check station is at the James E. Daughtrey Wildlife Management Area headquarters, located north of Tilden on FM 3445. **All hunters must attend a mandatory orientation at 11:00 a.m. on the first day of the hunt period.** Hunt ends at sunset on the last day of the hunt period. Stand-by positions may be available. Hunters must fill out a harvest questionnaire at the end of the hunt.

Camping is available at the Calliham Unit and reservations are recommended. The normal overnight camping fee will be charged to those hunters using the park facilities. Private motels are also available in the Tilden and Three Rivers area. A primitive campground is located at the area headquarters and will open the evening before the start of the hunt. Drinking water and electrical hookups are not available. A limited number of fire rings and picnic tables are provided on a first come, first served basis, as is one rented chemical toilet. There are no cold storage facilities available on site.
